Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes

A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings. For more information on NCC classifications refer to http://www.commerce.wa.gov.au/building-commission/building-classes
- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

- **Reg No.** BC for building contractors and BP for building practitioners. Acronyms form part of the registration number.
- **Former Reg No.** The Building Services Board is retiring 'F' and 'S' registration numbers and assigning new numbers. Where applicable, the contractor's or practitioner's former 'F' or 'S' registration number is published under the heading 'Former Reg No' and the assigned replacement number is shown under the heading 'Reg No'. 'F' and 'S' numbers are replaced as each relevant registration is renewed.

Notes

- **Sections of the register.** The register is published in four sections: 1 - currently registered contractors, 2 - currently registered practitioners, 3 - formerly registered, now expired contractors, 4 - formerly registered, now expired practitioners.
- **Building contractors and practitioners.** A building contractor is authorised to contract to provide building services to others. A building practitioner is entitled to be appointed as the nominated supervisor to a building contractor, but may not personally contract to provide building services to others. Each contractor is required to have appointed at least one nominated supervisor.
- **Conditions on a registration.** The Building Services Board can place conditions on a contractor's or a practitioner's registration. If a registration has conditions, those conditions are stated on the line below the registration record. Some conditions relate to the National Construction Code (NCC) classification of buildings.
